EMG. The cutting board and the fastening system for the hollow punches are included to be ready to use with all the BOEHM punches from 1.5mm to 60mm. For higher diameters (up to 100mm), it is possible to fasten the JLBM100 chuck instead of the JLBM60 chuck supplied. In this case, the chuck should be purchased in addition, but the feasibility of the application should be checked beforehand.

In all cases, it is advisable to validate the feasibility of your application with this equipment.

Detailed equipment composition

- A manual rack bench press EMG 4HR with adjustment instructions.
- Cutting board 140 X 130 X 10 mm ref: [PLAG1](#)
- Adaptor ref: [JLBM53PRESSE](#)
