168,73 € excl. tax
202,48 € incl. tax

Set of twinnable and interchangeable hollow punches up to 1 3/16" with gasket cutting machine for cutting circles up to 13" in diameter.

Made in France

SKU: JLB330PACCUS | **Categories:** Punch sets in inches |

:

Set of 15 interchangeable and twinnable hollow punches with gasket cutting tool up to 13".

This set allows the cutting of gaskets, pellets, or washers up to 1 3/16" (30.2 mm) in diameter. The hollow punches are locked on the handle-chuck very easily thanks to the spur system and can be twinned to cut a ring in one operation.

The chuck handle is a high-performance, comfortable and safe striking tool. The reinforced impact head allows a longer tool life and its patented system which absorbs the vibrations is a real comfort for the user.

The tool has a double use and also allows the cut-out of larger diameters from 2 3/8" (60.3 mm) to 13" (330 mm). The ergonomic handle of the tool provides comfort and excellent dexterity as it frees one hand which can block the material to be cut. The stainless steel blade has been specially designed for precise, high-performance cutting.

Fiche article : Punch set Ø1/8'' to 1 3/16'' with Ø13'' gasket
cutting tool - Référence : JLB330PACCUS

The retractable centering pin allows precise cutting positionning and also the centering for using the gasket cutting tool.
